

It's time to ship your device.

Remember: To be eligible, you must ship your device. Please follow these instructions.

1. Confirm

- ✓ The device you're shipping should match the make and model shown on the receipt provided on the next page.
- ✓ Make sure the device matches the condition you originally submitted in the questionnaire.
- ✓ If your device has a removable battery, please don't remove it. Leave it inside the device.

2. Prep

- ✓ Back up all of your personal data and remove the memory and SIM cards, if applicable.
- ✓ **Turn off activation locks**, such as Find My or Google Activation Lock, and remove passwords and account information from your device.
- ✓ To disable Find My on an iOS device, visit [Support.Apple.com](https://support.apple.com) and search for "Find My."
- ✓ Reset your phone to factory settings.

3. Pack

- ✓ Pack one device at a time in a sturdy box or package with protective padding. The parcel should have rigid outer packing, like a corrugated cardboard box strong enough to prevent crushing. Padded envelopes or polybag containers are not permitted. For multiple devices, ship each one separately.
- ✓ Include the attached RECEIPT inside your package.
- ✓ Attach the MERCHANDISE RETURN LABEL to the outside of the package.
- ✓ Seal the package securely with durable adhesive tape.
- ✓ Keep the CUSTOMER COPY for your records.

4. Ship

- ✓ Mail your package(s) using any USPS location.

If above conditions aren't met, we may not be able to process your device. For more information, please refer to Program Terms and Conditions.
